Cc: Todd Downham
Subject: Wilcox Oil Company Superfund Site

Mr. Tallent, Thank you for your call today. It was good to talk with you about the site. As mentioned on the phone, I am working with Todd Downham of the Oklahoma Department of Environmental Quality to get a better understanding of the site as well as the concerns of the community. Please do not hesitate to call me at 21-665-8143 or 1-800-533-3508, or call Todd Downham, ODEQ, at 405-702-5136, should you have questions or concerns.

Also, we discussed the possibility of EPA obtaining access to your property for the purposes of sampling. Please find attached a blank access agreement for your review. If you agree to allow EPA access, please sign the form and send back either through email or by mail to the address listed below.

Attached for your information is some site literature that describes the site and also describes the Superfund Process. I have also attached some health fact sheets (ATSDR ToxFAQs) on the contaminants we know to be present at the site. Additional information can be found in the library.

Additional site resource links.
